

there is more to...celebrations

party code: _____

password: _____

We would be delighted if you are able to join us to celebrate this special occasion. We are really looking forward to the party and we hope you are too!

There is no expectation of a gift, but if it is your intention to do so, then you may like to consider using the timto service.

timto is a simple online service that makes it easy for friends to group together to contribute towards special gifts. It also enables us to *donate* a proportion of the total amount contributed to our chosen *charity*.

You can also use the service to RSVP and to post a message on the celebration page.

How do I use the service?

The service is secure, quick and easy

Step 1: Go to www.timto.co.uk/celebrations & click 'find a party'

Step 2: Enter the code and password

Step 3: Either click on the

- 'Green' button to contribute & post a message
- 'Orange' button to post a message

Notes:

- The individual amount contributed cannot be viewed by the host or other guests.
- If you post a message this is viewable by all guests.
- A small administration fee applies when a payment is made.
