- ✓ Great presents
- ✓ Simple and easy
- ✓ Fun with friends
- ✓ Help others

Making children's birthday wishes come true!

Just attending the party will be more than enough, but if it is also your intention to bring a gift then you might like to consider using the timto service.

timto is a children's birthday gift service that makes it easy for friends to give great presents together. It may also save you time as you will no longer need to make a trip to the shops!

Via the online party page you can write a personal birthday message and even RSVP. You will also find the party details, including directions to the venue.

To make the occasion extra special, the birthday family donate a small proportion of the total money contributed to their favourite charity.

How it works: 15 party guests contribute a total of £130.
£120 is spent on presents & £10 is donated to charity.

How do you make your contribution?

- Step 1: Go to www.timto.co.uk and click 'find a party'
- Step 2: Enter your party code and password
- Step 3: Click 'make a contribution' (NB: the amount contributed is kept private)

Take a look at the party page today!
